Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>We live in a neighboring village but visit Stocksmoor extremely regularly and also use it to access other villages which we are blessed to live amongst. We almost never use the glorified path (public highway) from Shepley to Stocksmoor as it is an extremely challenging route given that if you meet another vehicle coming in the opposite direction, stress levels rise considerably!</p> <p>This road cannot cope with peak time traffic flows as it is without adding in c.100 extra vehicles a day who need to access doctors, schools, pharmacy, dentists, local shops etc.</p> <p>This is too many serious accidents waiting to happen, lest alone to the pedestrians who try to avoid using their cars and walk instead.</p> <p>Many others better qualified than us have raised considered objections to the build quality, aesthetics, suitability, volume, impact on wildlife, rural environment etc of the development so I will add nothing other than my support to their work.</p> <p>I simply cannot fathom why with all the brown land sites, derelict buildings and eyesores around the Kirklees area why we choose to add another nail in the coffin of our countryside by even considering this development in Stocksmoor.</p>
