<p>This proposal if approved will have a detrimental impact on the local landscape and trees on Shepley Road. The current traffic levels on the road are already eroding the local wood and adversely affecting the environment. The addition traffic that would result from upto 50 new homes on this road would add to the very hazardous road conditions. I drove up this road today and down it and on both occasions narrowly averted an accident. I am concerned now for the safety of pedestrians and cyclists on the road. When I walk it with my dog I feel very unsafe and avoid busy times. An increase in traffic will make this road extremely dangerous.</p>
