

Variation of condition 2 (plans) of previous permission 2021/92801 for erection of 291 dwellings with associated works and access from Hunsworth Lane and Kilroyd Drive – revision to house types.

The below provides additional information regards the rear of plots 263-291 highlighting the differences per house type. Please note the addition of air source heat pumps to the rear elevations. Whilst the introduction of these heat pumps are a variation, they were vital in achieving the required 30% carbon reduction as we move towards net carbon zero.
