<p>Why oh why are still getting variations to the original planning application to try to suit the developers getting the permission?</p> <p>The roads are already full to brimming, you can see this on the A58 and Hunsworth Lane every day queuing to the Chain Bar roundabout. We do not need another few hundred cars using this road. it is just waiting for a major accident to happen. There are no available facilities around here for schools, doctors, dentists and even shops without a car. Tweaking the house sizes from four bedrooms to three with a study does doesn't help the young generation on the property ladder. What we need is more affordable housing. The new development at Dewsbury opposite the Rugby ground had to make the road structure greatly improved before they starting building houses. Why is this not a priority for this development? The recent floods just proved that Merchant Fields is a runaway for the water to reach the beck, but I don't think anyone in Planning had a look a couple of weeks ago.</p> <p>Please Kirklees refuse this application and no 'Abstentions' from the Planning Committee. Have local people on here that will have their say.</p>
