Subject: Challenge - Help regarding Merchants Field planning Harron Homes

Good afternoon Victor,

I'm contacting as been passed on your details as an individual I can contact regarding the potential development by Harron Homes on Merchant Fields.

Im the owner of 52 Kilroyd Drive to which I have major concern relating to new plans addressed on line.

The image below shows my access had been completely taken away and plans have been completely changed since the last application.

As you can see image 1 is clearly showing the road has been taken away, a hedge has been placed and any access too mine and other current residents houses has been completely taken away . How can this possibly be approved??

Unsure if you have been to the location we have a single lane road to the private land of the residents to which I've drawn in (image 2.)

These plans clearly show no care has been placed towards the residents. No road access provided to residents , clearly showing a grass area with a hedge in place too accommodate new houses. I live with 2 very young children so please tell me how could the emergency services attend my location now and how could I access my own home?

The grass area shown on the plans presented to you has been blocked off with any access by extended
