Erection of extension and external alterations
Date Responded: 04/06/2024 Responding Officer: Jack Dunn Responding Ref: 23/80
The existing site is surrounded by TPO'd trees however there should be little to no effect on these protected trees providing the foundation advised provided in the Arboricultural Imapct assessment is followed. The tree labelled T10 which is suggested for removal to facilitate the extension is not protected and therefore is an acceptable loss. There are no objections or further comments from an arboricultural perspective.
