<p>Firstly the applicant states extension can not be seen from the road this is incorrect it can clearly be seen from Waltroyd Road .The original plans showed no front and side roof overhang. Had it, we would have objected at the time as it would have restricted daylight into our kitchen and sunlight on to our patio. The finished construction has done exactly that . The original plan did not show a chimney however the finished construction has one of around 3 meters in height which omits unpleasant odours and is not in keeping with the other properties. We have no objection to the render finish of the extension.</p>
