Hi

I am writing to express my deep concern about the new proposal.

This proposal will not benefit us as residents of the area. Instead, it will attract more visitors to a location where families with children currently live peacefully.

The number of visitors will likely exceed the proposed estimates, leading to increased noise complaints, especially due to late closing hours.

Having large numbers of unfamiliar people near our residential area during late hours raises significant safety concerns, particularly for families with young children. This will create an unsafe environment.

We are also concerned about the potential negative impact on our property values. This activity may eventually force residents to sell their homes.

Additionally, the proposed changes are in close proximity to our houses. This makes us uncomfortable with the idea of having large groups overlooking our homes.

We request that you seriously consider these concerns, particularly regarding the noise levels and the number of people gathering.

Thank you.
