<p>I am a local resident of Deighton and I strongly support the planning permission for this place of worship.</p> <p>It will provide essential social services, educational programs, and charitable activities, benefiting the entire community.</p> <p>As an intended future attendee, I do urge the organisation to have measures in place to control the increase of traffic and parking issues this could cause. I would hate for this great proposal to cause a divide in this community over something so simple.</p> <p>Few steps which should be taken :</p> <ol style="list-style-type: none"><li>1. Develop a comprehensive parking management plan that includes designated parking areas and efficient use of space.</li><li>2. Encourage attendees to car-share to reduce the number of vehicles.</li><li>3. Promote the use of public transportation by providing information on routes and schedules.</li></ol> <p>Implementing these strategies and engaging with local residents and businesses to address their concerns and find mutually beneficial solutions, will ensure a smooth experience for both mosque attendees and the surrounding community.</p> <p>I believe that this will become a valuable asset to our community, fostering goodwill, social cohesion, and inclusive development. I urge the planning committee to take into account my comments and approve this application.</p>
