<p>To those who reside on the road or in nearby streets, the poor state of the location for this type of building is obvious. This planning application has been submitted without any thought or regard being given to ongoing problems with traffic congestion, the poor state of the roads, the antisocial behaviour and the fact that these so called youth activities are provided and available at two existing facilities within walking distance. Given that some of the residents nearby are placed here by women's refuges and are victims of domestic violence/sexual exploitation/grooming, it would appear highly inappropriate to permit this application which would lead to an increased number of males in the area who would effectively imprison these vulnerable residents in their homes.</p> <p>I have approached my local councillor who will be contacting the planning department with these concerns.</p> <p>Venues locally already provide the services this venue claims it'll provide and the concerns above should outweigh any decision to grant this application.</p>
