Floor plan of the first floor. The plan includes a front yard area (1) leading into a lounge, a sitting area, a kitchen/dining area, and a family room. A staircase leads up and down, and a WC is also shown.

A detailed architectural drawing of a house facade. The house features a gabled roof with a small dormer window. The main facade has two windows with shutters, and a small porch with a pediment. The drawing is a black and white line art illustration.

Written dimensions on these drawings shall take precedence over scaled dimensions. Contractors shall verify and be responsible for all dimensions and conditions on the project and UHD Architectural Services must be notified of any variations from the dimensions and conditions shown by these drawings prior to commencement of any work. All contractors are deemed to have made themselves aware of site conditions prior to entering into any contract.

Note-

Hip to gable and Rear dormer. Proposal is for work from home area for the visually impaired user to create area for equipment in store room. Open office space in adjacent room to create safe and comfortable area to work.

The space is required to accommodate 2 people as the user requires an aid during working hours.
