<p>The Heady Fields development is a Grade 2 Listed building. Works started before the applicant submitted a planning/listed building consent. This is contrary to the process and blatantly disregards the planning/listed building consent process by not initially consulting with the local authority Conservation Officer.</p> <p>Planning permission should not be considered until all works, currently started, are reversed. Retrospective consent should not be considered.</p> <p>The applicant needs to be aware that carrying out unauthorised works to a listed building is a criminal offence and individuals can be prosecuted.</p> <p>Regards,</p> <p>I do not wish my postal address or any reference in the text to my address to be published. In line with the General Data Protection Regulations (GDPR) we will remove your name, e-mail address, telephone number and signature prior to publication.</p>
