<p>The development would lead to an increase in traffic using the roads necessary to access the new homes. The Common and Long Lane are very narrow. Access to Mitchell Laithes Water Treatment Works by vehicle has already been banned for this very reason. Many years ago the residential development of the former Mitchell Laithes Hospital site was refused on the grounds of excess traffic on The Common and Long Lane. These two examples are proof that access to the proposed Clough Lane development is problematic.</p>
