I strongly object to this development as the existing road infrastructure is not sufficient to support additional traffic. Long Lane is very narrow and in many places is reduced to single vehicle width, due to cars being parked near the top of Forrest Terrace/Walker Street/Headland Lane etc. Also, the popularity of the Greenway has led to more walkers in our area, most of whom end up walking in the road due to the narrowness of pavements. Additional traffic is going to adversely impact on highway safety for both cars and pedestrians.
