

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

Name of applicant/agent	Mr & Mrs Dixon
Site Address	Rowton Farm, Slades Lane, Helme, Holmfirth
Description of Development	Demolition of porch, erection of single storey rear extension and replacement windows.

#### **Part 2: Climate Change Mitigation measures**

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
A new boiler is to be installed and natural light will be increased.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Local contractors will be used. Materials to be sourced locally. Reclaimed materials to be used where possible.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)
Low voltage lighting to be used.
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
The extension will improve the existing building by enveloping old construction with new.
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Existing drainage retained.

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Existing drainage retained.

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

Bat Box / bird provided can be provided if required.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Local contractors used.
