

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England) Order
2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2024/62/91612/W

To: Hamish Gledhill,
Acumen Designers & Architects Ltd
Headrow House
Old Leeds Road
Huddersfield
HD1 1SG

For: MR & MRS SANTAR

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

RE-USE OF EXISTING BARN AND NEW EXTENSION TO FORM DWELLING
(WITHIN THE CURTILAGE OF A LISTED BUILDING)

At: BUTTERNAB ROAD, BEAUMONT PARK, HUDDERSFIELD, HD4 7BA

In accordance with the plan(s) and applications submitted to the Council on 05-Jun-2024, subject to the condition(s) specified hereunder:-

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: To ensure compliance with Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specification schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, and to accord with Policies LP1, LP2, LP3, LP11, LP20, LP21, LP22, LP23, LP24, LP30, LP31, LP32, LP35, LP43, LP51, LP52, LP53, LP57 and LP60 of the Kirklees Local Plan, Principles 2, 5, 6, 12, 13, 14, 15 16, 17, 18 &19 of the Housebuilders Design Guide Supplementary Planning Document and Chapters 2, 4, 5, 11, 12, 13, 14, 15 and 16 of the National Planning Policy Framework.

3. Any external works to the external walls of the barn shall be carried out in natural stone to match existing and, notwithstanding the submitted details on plan, the roof of the barn shall be infilled with natural stone slate. These materials shall be thereafter retained.

Reason: In the interests of visual amenity and to accord with Policies LP2 & LP24 of the Kirklees Local Plan, Principle 13 of the Council's adopted Housebuilders Design Guide SPD and policies within Chapter 12 of the National Planning Policy Framework.

4. The external walls of the extensions hereby approved shall be faced in natural stone to match existing and, notwithstanding the submitted details on plan, the roofs of the extensions shall be infilled with natural stone slate. These materials shall be thereafter retained.

Reason: In the interests of visual amenity and to accord with Policies LP2 & LP24 of the Kirklees Local Plan, Principle 13 of the Council's adopted Housebuilders Design Guide SPD and policies within Chapter 12 of the National Planning Policy Framework.

5. Notwithstanding the provision of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any Order revoking or re-enacting that Order) no development included within Classes A, AA, B, C, D or E of Part 1 and / or class A of Part 2 of Schedule 2 to that Order shall be carried out within the site outlined in red on the hereby approved Location Plan without the prior written consent of the Local Planning Authority.

Reason: To ensure that no incongruous or discordant additions can be made in the interests of the Green Belt and visual amenity. This would be in accordance with Policies LP24 and LP60 of the Kirklees Local Plan, Chapter 12 of the National Planning Policy Framework and Principle 2 of the Housebuilders Design Guide Supplementary Planning Document.

6. The development hereby approved shall not be brought into use until a scheme detailing all boundary treatments has been submitted to and approved in writing by the Local Planning Authority. The submitted scheme shall detail the height, location and construction of all boundary treatment. The boundary treatments approved by this condition shall be completed prior to the development being brought into use and retained thereafter.

Reason: In the interests of visual amenity and to accord with Policies LP24 of the Kirklees Local Plan and policies within Chapters 12 of the National Planning Policy Framework.

7. The dwelling hereby approved shall not be occupied until all areas indicated to be used for vehicles and pedestrians within the curtilage of the dwelling has been laid out with a hardened, sealed and drained surface. Provision shall be made to direct run off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwelling house. Should permeable or porous surfacing be intended to be used, no dwelling house shall be occupied until a scheme detailing the intended surfacing to areas for vehicles and pedestrians for that dwelling house has been submitted to and approved in writing by the Local Planning Authority. The approved surfacing shall thereafter be retained and maintained.

Reason: In the interests of amenity and traffic safety, to ensure adequate space within the site for vehicle movements and parking and to ensure that the additional hardstanding area is appropriately drained to mitigate flood risk in accordance with Policies LP21, LP22, LP28 and LP34 of the Kirklees Local Plan and Chapter 14 of the National Planning Policy Framework.

8. The dwelling hereby approved shall not be occupied until one bat box has been incorporated. The box shall be long-lasting Schwegler 'woodcrete' type or similar and shall be located away from sources of light and at least 5 metres above ground. Once installed, the bat box shall thereafter be retained.

Reason: To enhance the biodiversity of the site in accordance with Policy LP30 of the Kirklees Local Plan, Chapter 15 of the National Planning Policy Framework and Principle 12 of the Council's adopted House Extensions and Alterations Supplementary Planning Document.

9. Groundworks shall not commence until actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study Report) by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

10. Where further intrusive investigation is recommended in the Preliminary Risk Assessment approved pursuant to condition 9 groundworks (other than those required for a site investigation report) shall not commence until a Phase II Intrusive Site Investigation Report by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

11. Where site remediation is recommended in the Phase II Intrusive Site Investigation Report approved pursuant to condition 10 further groundworks shall not commence until a Remediation Strategy by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

12. Remediation of the site shall be carried out and completed in accordance with the Remediation Strategy approved pursuant to condition 11. In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered [in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Report] is identified or encountered on site, all groundworks in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved in writing by the Local Planning Authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

13. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy a Verification Report by a suitably competent person shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as the remediation measures have been completed for the site in accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Verification Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

NOTE: All contamination reports shall be prepared by a suitably competent person, as defined in Annex 2 of the National Planning Policy Framework 2021. Reports must be prepared in accordance with the following guidance:

- *Land Contamination Risk Management (LCRM)*
- BS 10175:2011+ A2:2017 *Investigation of Potentially Contaminated Sites. Code of Practice*
- *Development on Land Affected by Contamination - Technical Guidance for Developers, Landowners & Consultants - (v11.2) June 2020* by the Yorkshire and Lincolnshire Pollution Advisory Group.

The conditions relate to Planning Control only. Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information. Any other necessary consent must be obtained from the appropriate authority. If the applicant commences work without discharging conditions, they will be at risk of enforcement action and invalidating the permission if the planning condition is a pre commencement condition.

NOTE: No construction related noise shall be audible beyond the site boundary outside the hours of:

07.30 to 18.30 hours Mondays to Fridays

08.00 to 13.00 hours, Saturdays

With no construction related noise audible beyond the site boundary on Sundays or Public Holidays.

Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

NOTE: Due to its location, a bat roost may be present on site. Bats are a European protected species under regulation 41 of the Conservation of Habitats and Species Regulations 2010. It is an offence for anyone intentionally to kill, injure or handle a bat, disturb a roosting bat, or sell or offer a bat for sale without a licence. It is also an offence to damage, destroy or obstruct access to any place used by bats for shelter, whether they are present or not. If bats are discovered on site development shall cease and the applicant is advised to contact Natural England for advice.

NOTE:

- Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information in relation to Approved Document S.
- The electrical supply of the final installation should allow the charging equipment to operate at full rated capacity and the installation must comply with all applicable electrical requirements in force at the time of installation.
- To futureproof the development, we would encourage the applicant to provide these in accordance with the current Air Quality & Emissions Technical Planning Guidance from the West Yorkshire Low Emissions Strategy (WYLES) Group.

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

Negotiations took place between the case officer, Council's Conservation & Design Officer and the planning agent. These negotiations resulted in the submission of amended plans, with the overall determination of this application based on the latest proposed plans, submitted 14th October 2024.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording “*submitted to and approved in writing by the Local Planning Authority*”.
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
 - i) 28 days of the date of service of the enforcement notice, or
 - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.
