I would like to add my total support to this application to change the opening hours of Cafe Oi. This business is aimed at a dining experience and evening hours are essential. There is limited choice of eating venues in Marsden so this would be a welcome addition. There are many bars already on the main high street open late and any noise will already be coming from these establishments. Cafe Oi will be a family friendly venue to have a quiet meal in the indoor seating area. The owners have laid new cushioned floors so table noise and chair noise will be minimal. This cafe is one of many on the high street and common sense would say that anyone choosing to live in a residential property on this street would expect some noise. We live in a terraced house and hear noise 24/7 from our neighbours. If we wanted silence we would look to move to a detached home. In fact we appreciate the noise of our lively small neighbours as it is sign of life and joy. I hope you grant this change of hours and I know that the owners are open to monitoring and ensuring noise levels do not cause any distress to their neighbour. They are looking to make this a great asset to everyone in Marsden. We already have more friends from London and Manchester and USA looking forward to joining us for this delicious food!
