<p>It is my belief that there is no valid reason that Cafe i should not be allowed to open later than 6pm. They are a valuable asset to the village that will only positively impact the area. With the incredibly good reputation that they have gained, they will help to bring more tourism to the area, positively impacting other local businesses. Their opening week has shown that they dont make any more noise than the previous occupant and will not be likely to make further noise during later hours. Furthermore, the survival of their business relies on later opening hours that make sense for their type of food offering. I hope that Kirklees council will support their application, therefore supporting the thriving small businesses in Marsden.</p>
