| A new restaurant establishment in Marsden, this new unique addition to the heart of an idilic village. A place where niche food is available to tickle your taste buds. A place which should be able to be the restaurant it is envisioned to be by its owners and the local people. Bringing a cultural vibe to be embraced and appreciated by many. It would be a shame that this place is the only one being restricted on time, allowed to serve this amazing food. I would love to watch this place grow as many more would too!! | |
