| <p>I am writing of my full support of this establishments application to extend their opening hours due in part to their positioning on the main high street of Marsden, surrounded by other eateries and retail establishments. Having recently visited the establishment and also having worked next to their old premises, I cannot imagine that this establishment will create any additional noise or disturbances, including aroma than other businesses on Peel st. The main street is home to bars, bakeries, cafés, pubs and restaurants that all provide food, most of them in the evening.</p> <p>The cafe is very well appointed, it had been designed attractively and will prove an asset to Marsden and its high street. I would imagine that allowing them to open for an evening meal service would make the difference between this business being successful. I do feel its worth mentioning that the previous application that was denied in 2013, helped to curb a family run business from continuing to succeed.</p> |    |
