<p>I fully support this application. As a Marsden resident I believe that this establishment greatly enhances the local community and local economy. The extended opening time will improve the viability of the business and will mean that customers such as me will be able to patronise the establishment in the evening after work. For a restaurant, evening opening is essential and indeed is no different to other similar establishments in the immediate vicinity of this one. I believe that the restaurant with alcohol will not have a detrimental adverse effect on noise or other disturbance in this location during extended opening. I support the Investment in Marsden from this quality business.</p>
