<p>It would be insane not to extend the licence of the establishment beyond 6pm. The business is serving patrons in restaurant where demand will be higher after 6pm. It will attract new business given the unique and sought after services it provides. I see no impact on residents and other commercial businesses already present given the number of establishments in very close proximity that already benefit from an extended license.</p> <p>In a time where the new government is seeking economical growth, it would be incongruent to that objective to restrict license conditions. Partiuclarly for a boutique establishment. We should be celebrating the vibrant and diverse businesses that are setting in the area. Do not forget the employment prospects this business will bring in the area.</p> <p>I am hopeful the planners will see sense and support these exciting entrepreneurs so they can flourish and in turn help marsden flourish too.</p>
