<p>Oi Dumplings offer a vibrant and attractive addition to the high street in Marsden. There are currently limited evening food options in Marsden compared to neighbouring villages, which holds back the economic potential of the village as a local destination.</p> <p>As a customer I agree with the applicant's statement that their customer base expect to be able to dine at the restaurant after 6pm.</p> <p>Marsden has the potential to see similar economic transformation to that of Slaithwaite, which has been driven by high quality independent businesses establishing in the village, including evening food premises. I believe that Oi Dumplings could help to catalyse similar positive effects for Marsden, but only if they have a viable business which includes permission to operate in the evenings.</p> <p>The applicants have stated their intention to employ up to 8 people would have further positive impacts for the local area. There will be more employment opportunities created if Oi operates in the evenings, compared to daytime service only.</p> <p>Oi have demonstrated their commitment to Marsden over the past three years in their former premises. I expect the council to support the growth of independent local businesses.</p> <p>If the application is rejected this may put off other food businesses from establishing in Marsden which would hold back the development of the village.</p>
