<p>I believe that this application should be granted. Oi dumplings is a lovely little business which is in the centre of Marsden village surrounded by lots of other licensed restaurants /pubs which all open in the evenings. The customers that are likely to visit Oi are going to be couples and families that want to enjoy a beautiful meal with a glass of wine or two and are not going to be noisy or rowdy. This will not cause any problems for local residents, in fact, it will be beneficial for us as it brings custom to the village which in turn makes a healthy economy and brings us more valuable businesses in the future. Mollie and Maisie have actually been on national TV to showcase their award winning food and Marsden village. As the government has given funding to Marsden for regeneration I am sure the council can see the huge benefits of having such outstanding eateries within the village.</p> <p>On a personal note I live just behind the high street and have no problem with noise coming from mozzarellas (Italian restaurant) or peel St social (bar/restaurant) and Oi dumplings is located directly in the middle of these so this would not be an issue. I am really looking forward to visiting Oi for an evening meal and I know that this is a view very welcomed by the vast majority of local residents and hope you support these two lovely women to thrive and grow their restaurant.</p>
