| <p>Whilst generally our high streets are dying, Marsden has a thriving community who actively support local businesses. The fact that young growing businesses want to be a part of that is amazing and can only keep Marsden high street alive and healthy. As others have said, this is an eating establishment, where people will generally want to go in the evenings, it isn't a nightclub or another bar, it's where people just want to go and eat. Many other businesses on our high street open in the evenings serving both food and drink, so how is it possible to deny this young business the chance to do the same. I ask that you reconsider your decision and extend the opening hours for Oi, so they have a fighting chance of making their business a success.</p> |                              |
