<p>Dear Kirklees Council,</p> <p>We are writing to express our strong support for Café Oi (located at 9 Peel Street, Marsden) in their application to extend their open hours.</p> <p>As residents of Marsden ourselves and a frequent sponsor of local businesses, we believe that granting the extended opening hours would bring benefits to our community. We are the Steward and Stewardess of Marsden Golf Club, and we serve food and alcohol to the local community. We understand the importance of setting the correct opening hours and the responsibility that comes with this.</p> <p>Café Oi has been a valued part of our local dining scene since 2020. The quality of their food, the warmth of their hospitality, and their commitment to the community have made them a favourite among residents and visitors alike. Allowing them to serve food and alcohol on an evening would enhance the dining experience they offer, making it more appealing for customers and enabling them to compete fairly with other establishments in the area. The restaurant within its former location in Marsden has a track record of being a responsible and considerate neighbour, adhering to local regulations and contributing positively to the community.</p> <p>Extended operating hours will provide the following key benefits to our community:</p> <ul style="list-style-type: none"><li>• <b>Increased Convenience:</b> Many people, including those with traditional work schedules, will appreciate the extended hours. It will provide more flexibility for dining options, enhancing the overall convenience and quality of life in our community.</li><li>• <b>Economic Growth:</b> Longer operating hours will increase revenue for the restaurant, enabling it to hire more staff and contribute more significantly to the local economy. This growth will create job opportunities and support local suppliers and businesses.</li><li>• <b>Community Engagement:</b> Extended hours can provide a venue for community events, gatherings and social interaction. This can foster a greater sense of community and connectedness among residents.</li></ul> <p>Responsible Management: The owners and staff of Café Oi have shown themselves</p>	

• Responsible management: The owners and staff of Café Oi have shown themselves to be responsible and professional. We have no doubt that they will handle the service of food and alcohol in the evening with the utmost care and adherence to all legal regulations. The restaurant is located within the centre of the village amongst many other establishments which successfully service food and alcohol into the evening/night.

Overall, extending restaurant opening hours can lead to a variety of economic, social, and cultural benefits, making it a favourable move for the restaurant, its customers, and the broader community. In conclusion, we firmly believe that granting the extended hours to Café Oi would be a positive step for our community. We respectfully urge the council to approve their application, enabling them to continue contributing to the vibrancy and prosperity of Marsden.

Thank you for considering our perspective on this matter. If you require any further information, please don't hesitate to contact us.

Yours sincerely,

Steward and Stewardess of Marsden Golf Club
