<p>I fully support the Oi Cafe's application to extend their opening hours. As a full time resident of Marsden, over the past few years I have seen the high street develop massively in terms of eating and drinking establishments (both existing businesses and new additions), only for the better. Concerns that were once regularly voiced around the village regarding anti-social behaviour related to drinking have thankfully become a thing of the past. The owners of Oi have contributed significantly to this in their approach as responsible, forward-thinking, community-minded business owners.</p> <p>Over the past 12 months and more they have demonstrated their commitment to the village and contribution to a vibrant and diverse community in their original location with no issues in terms of noise, disturbance and odour or impact on neighbouring properties. I am confident that they will be able to replicate this in their new location. They have already created a beautiful, calm, modern and welcoming environment in their new cafe which should act as an example and model for other business owners in the area. In order to support such positive and valuable addition to the community it is essential that the Oi Cafe be allowed the opportunity to extend its opening hours and fully become the community asset the girls have already shown their establishment can be.</p>
