Dear Ms Booth I hope this message finds you well. I am writing to formally express my concerns regarding the proposed extension at 1, Chadwick Crescent. As a resident of Oxford Park, I believe this development warrants careful scrutiny for several reasons. Firstly, privacy is a significant issue. The proposed extension has the potential to invade the personal spaces of surrounding properties, including mine. The design appears to allow for direct lines of sight into our gardens and living areas, which would detract from the sense of security and comfort that we currently enjoy. Secondly, I am concerned about the impact on natural light. The scale of the extension could obstruct sunlight from reaching adjacent homes, diminishing the quality of life for those of us living nearby. Natural light is essential for both the aesthetic and functional enjoyment of our homes, and its reduction could have long-lasting effects. Lastly, I wish to address the matter of overdevelopment. The proposed addition seems disproportionate to the size of the existing plot, which could disrupt the harmonious balance of our estate. Our community is characterised by its spacious layout, and this extension could set an undesirable precedent for future overdevelopment in the area. In light of these concerns, I respectfully request that the planning application be reconsidered. It is crucial to protect the quality of life and character that make our estate a desirable place to live. Thank you for your attention to this matter. I look forward to hearing from you soon.
