

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

Name of applicant/agent	Rox Javid
Site Address	19 Row Street, Crosland Moor, Huddersfield
Description of Development	Proposed rear single storey extension.

#### **Part 2: Climate Change Mitigation measures**

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Designed with window openings of minimal size to reduce energy loss via glass whilst gaining solar gain where possible from roof light. Use of insulation. Use of low energy lighting.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Designed with minimal floor area to achieve the needs of occupiers. Sourcing of sustainable building materials.

Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Not considered applicable or proportionate to this development.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

Designed with minimal floor area to achieve the needs of occupiers.

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

Not considered applicable or proportionate to this development.

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Not considered applicable or proportionate to this development.

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

Not considered applicable or proportionate to this development.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Not considered applicable or proportionate to this development.
