<p>I have used dogs unleashed for years.... My dog is a big dog and not many people like him being off a lead (even though he is friendly).... This is the only way my boy can have a good run, be safe and away from other people.</p> <p>It would be a huge shame for this to close.... My dog needs a good run and not many places offer this. It's in my opinion that more places like this should open for the wellbeing of our animals. It keeps them safe whilst getting the mental and physical stimulation they need.</p> <p>Like I have mentioned previously this is a popular place so it shows it's muchly needed ... And would be a massive shame if it has to close.</p> <p>Kindest regards</p>
