<p>It's a privilege to have the space for dogs in the village. I have a rescue hunting dog with no recall and this park is a safe space for her, other dogs and live stock while she is exercise.</p> <p>The dog park is well maintained, clean and only allows 2 dogs onto the field so prevent large groups from attending. This dog park is on a popular dog walking route that goes through the farm and I'm aware that a lot of people, including myself walk their dog to this site, so the amount of extra traffic is negligible.</p> <p>Parking for the site is off the main road. The dog park, not really noticeable from the street and is very secure with an electric gate.</p> <p>Please do not close this park, we are lucky to have it .</p>
