Subject: Re: 2024/91814 Land off Soureby Cross Way

Hi Nicole

I am writing in support of the above application . As a member of the local community and regular user of the field I feel the benefits of the secure area far outweigh and disadvantages this may cause .

Closure of this facility would result in residents walking dogs in the local park which also contains a playground for young children . Not all children like dogs and not all dogs like children therefore creating a risk where there doesn't need to be one as this facility serves the needs of everyone beautifully .

Also dogs are unable to run and play off lead in Kirklees parks which is understandable however restrictive .

This field is run efficiently and professionally and there is a need for more fields of this nature within our communities .
