<p>We have lived in our home since 1988 for the last 36 years. VERY CLOSE to the proposed site.</p> <p>Three parking spaces for visitors is very optimistic should be 10 two per bay.</p> <p>The site is on an obscured bend with poor visibility for drivers and pedestrians.</p> <p>Customers will definitely drop 6 cars a day on the kerbside which is already full as residents only park on one side of the road...the same side as the proposed development.</p> <p>There is so little parking that double parking on both sides of a busy road and bus route is starting before this additional parking of many more cars.</p> <p>There is a hairdressers 2 doors away already. All customers park on the main LOW ROAD kerb side.</p> <p>This is a residential area and the addition of a commercial business is not in keeping with the area.</p> <p>There will be additional noise and pollution from the premises.</p> <p>Saturday opening 8am till 3pm is not realistic in this residential area.</p> <p>We already have a garage 200 yards away at the bottom of church lane we do not need a 2nd garage so close in a residential area.</p> <p>Our has and we are concerned about the increased air pollution to her health.</p>
