Highways Development Management****2024/91884 100, Penistone Road, Waterloo, Huddersfield, HD5 8QX****Formation of new dropped kerb / driveway alterations****Date Responded: 07/08/2024.****Responding Officer: D. Stainsby****Responding Ref: K11-7SE/4**

This application is for the formation of new dropped kerb / driveway alterations at 100, Penistone Road, Waterloo, Huddersfield, HD5 8QX

The property has an existing vehicle access which is narrow and is difficult to either reverse into or out of the property from the busy A629 Penistone Road.

The proposal to provide a new vehicle access and widen the existing access will improve the situation by enabling vehicles to enter and leave the site in forward gear, thereby negating the necessity to reverse either onto or from the A629 Penistone Road.

As a result, Highways DM would not wish to object to this application.

The changes to the access within the adopted highway fronting the property, to provide a dropped kerb, will need to be constructed under a section 184 agreement of the 1980 Highways Act (vehicle crossings over footways and verges). You are required to consult the Design Engineer (Kirklees Street Scene: 01484 221000) with regard to obtaining this permission and approval of the construction specification. Interference with the highway without such permission is an offence which could lead to prosecution.
