<p>I do not think this is an appropriate area to have this I myself have and do not want this affecting our home or the safety of , there are already enough problems on the estate including and antisocial behaviour without adding youths that have behavioural issues. Not to mention the problems with parking, people not being able to walk on paths because of everyone having to park on them and parking near junctions making it unsafe for both pedestrians and drivers. We got a house on this estate because we felt like it would be a nice area to raise our family and not have to be worried about what may see, hear or experience.</p>
