Dear Tracy

Further to my application for tree work and your telephone call, please find attached a sketch of the work required and a few details as requested:-

1. Blocks light from the back of house (especially bedroom window)
2. It is about 1 foot away from the bedroom window
3. Encroaching onto property (hanging over garden)
4. Reason for application is for the very large branch/extension of tree to be trimmed/taken back to the wall (border from my garden to park land)

Hope this is of assistance.
