<p>The proposal to lower the boundary wall by 11 wood street will only make the protected trees unsafe, as the amount of soil packed around them will have to be moved as well.</p> <p>So far there has been a huge amount of trees taken out and it would be nice to retain some screening from the development .</p> <p>Also building 3 storey high homes will be an eye sore, and over look every one . Build the homes wider not higher.</p>
