## Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

To maintain the current requirements of Condition 20 in full while extending the timeframe sufficiently for required surveys and reports to be completed without the planning current consent expiring.

amendment of condition 20 will allow commencement of development to take place, allowing excavation work for the drainage attenuation system. This would be no risk to any of the ecological matters outlined within Condition 20.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

We would suggest changing the first line of the Condition's wording from "Prior to commencement of the development..." to "Prior to the commencement of demolition..." with the remainder of the Condition wording remaining the same.
