Re. Planning Application No 2024/92013 for 16 Blake Hall Road, Mirfield WF14 9NS

I see this application as an interesting example of how a building can be remodelled.

I have no objections but hope that the builders will be able to match the new bricks to those existing.

However I do sometimes feel disappointed when permission is given to convert a bungalow to a house when bungalows are in short supply both locally and nationwide as few are now built.

Blake Hall Road, Mirfield, WF14 9NS
