This idea will impact on the houses along the side of the proposed property, 14-20 dewsbury gate road, the area of building is higher than our houses so the house will be almost 3 storeys above ours, they have cut down at least 15 trees to free up this area which has already disrupted our privacy, this property will disrupt the privacy of our whole street as it will overlook and tower over all of the street, it's forcing people to already look to move houses, this development will look out of place where it's planned as the houses surrounding are very old, my neighbours have passed a comment that this sort of planning has been rejected in the past for these reasons but they have already proceeded with cutting the trees down before submitting planning permission this time, they burn rubbish all the time so we are worried that this will now be closer to our property as well I would like to reiterate that they have cut down loads of trees for this
