<p>We wish to object to this proposed development on the following grounds.</p> <ol style="list-style-type: none">1) Too many extra dwellings being squeezed into a small site.2) The extra vehicles for the additional residents could easily total 14 - where are they going to be parked ? The probable on street parking would raise great difficulties on this narrow road with blind corners. It is also reasonable to expect visitors to these extra dwellings all needing space to park their vehicles.3) In the past at least 2 applications have been refused for the very reason as stated in 2) above.4) Since King James school took on extra pupils recently, with the consequent increase in teachers, on street parking has already created congestion on St Helens Gate during term time.5) Increased pupil numbers has increased pedestrian traffic past the proposed development, raising safety concerns.
