

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England) Order
2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2024/62/92112/W

To: S Carter-Waller
74, Wakefield Road
Lepton
Huddersfield
HD8 0BL

For: S CARTER-WALLER

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

DEMOLITION OF EXISTING DWELLING AND ERECTION OF REPLACEMENT
DWELLING

At: 74, WAKEFIELD ROAD, LEPTON, HUDDERSFIELD, HD8 0BL

In accordance with the plan(s) and applications submitted to the Council on 05-Aug-2024, subject to the condition(s) specified hereunder:-

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended).

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to accord with Policies LP1, LP2, LP3, LP7, LP11, LP21, LP22, LP24, LP30, LP31 and LP52 of the Kirklees Local Plan, Principles 4, 5, 6, 12, 13, 14, 15, 16, 17 and 19 of the Councils adopted House Builders Design Guide, Policies 1, 2, 11, 12 and 13 of the Holme Valley Neighbourhood Plan, the Council's adopted Highways Design Guide and the policies within Chapters 5, 9, 11, 12, 14 and 15 of the National Planning Policy Framework

3. Groundworks shall not commence until actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study Report) by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

4. Where further intrusive investigation is recommended in the Preliminary Risk Assessment approved pursuant to condition 3 groundworks (other than those required for a site investigation report) shall not commence until a Phase II Intrusive Site Investigation Report by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

5. Where site remediation is recommended in the Phase II Intrusive Site Investigation Report approved pursuant to condition 4 further groundworks shall not commence until a Remediation Strategy by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

6. Remediation of the site shall be carried out and completed in accordance with the Remediation Strategy approved pursuant to condition 5. In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered [in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Report] is identified or encountered on site, all groundworks in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved in writing by the Local Planning Authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

7. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy a Verification Report by a suitably competent person shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as the remediation measures have been completed for the site in accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Verification Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

8. No development (excluding demolition) shall commence until; a) a scheme of intrusive site investigations has been carried out on site to establish the risks posed to the development by past coal mining activity, and; b) any remediation works and/or mitigation measures to address land instability arising from coal mining legacy, as may be necessary, have been implemented on site in full in order to ensure that the site is made safe and stable for the development proposed. The intrusive site investigations and remedial works shall be carried out in accordance with authoritative UK guidance.

Reason: This pre-commencement condition is necessary to ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and Paragraph nos. 189 and 190 of the National Planning Policy Framework

9. Prior to the occupation of the development, or it being taken into beneficial use, a signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall be submitted to the Local Planning Authority for approval in writing. This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and Paragraph nos. 189 and 190 of the National Planning Policy Framework.

10. Prior to the development being brought into use, the approved vehicle parking areas shall be surfaced and drained in accordance with the Communities and Local Government; and Environment Agencies 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or superseded; and thereafter retained throughout the lifetime of the development.

Reason: In the interests of highway safety and to ensure satisfactory surface water drainage of the site in accordance with Policy LP21 and LP28 of the Kirklees Local Plan and the aims of the National Planning Policy Framework.

11. An enclosed and integrated bat box shall be incorporated into the dwelling during the construction phase; the boxes shall be long-lasting Schwegler 'woodcrete' type or similar and shall be located away from sources of light and be sited at least 4 metres above ground level. The bat and bird boxes shall be provided prior to first occupation of the dwelling and thereafter be retained.

Reason: To enhance the biodiversity of the site in accordance with Policy LP30 of the Kirklees Local Plan, Principle 9 of the Housebuilders SPD and Chapter 15 of the National Planning Policy Framework.

12. The finished floor and slab levels of the development shall be in accordance with those shown on submitted drawing 0156/2023-03. The development shall not be brought into use until the finished floor and slab levels approved by this condition have been completed. The approved finished floor and slab levels shall be so retained for the lifetime of the development.

Reason: In the interests of visual amenity to accord with Policies LP11 & LP24 of the Kirklees Local Plan, and policies contained within Chapter 12 of the National Planning Policy Framework.

13. The development hereby approved shall be constructed from the materials of construction detailed within submitted drawing 0156/2023-03. The development shall not be brought into use until the development has been completed in accordance with the materials of construction detailed upon this drawing which shall be retained thereafter.

Reason: In the interests of visual amenity to accord with Policies LP11 & LP24 of the Kirklees Local Plan, Principle 13 of the Councils adopted Housebuilders Design Guide SPD and policies contained within Chapter 12 of the National Planning Policy Framework.

14. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended (or any Order revoking or re-enacting that Order) no development included within Class(es) B and C of Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority.

Reason: To ensure the development has an acceptable impact upon the residential amenity of neighbouring occupiers and does not lead to overlooking to accord with policy LP24 of the Kirklees Local Plan, Principle 6 of the Council's adopted Housebuilder Design Guide SPD and policies within Chapter 12 of the National Planning Policy Framework

15. All roof lights and glazing in the north east roof slope shown on drawing 0156/2023-03 shall be obscure glazing or treated with a permanently affixed film which achieves a minimum privacy rating Grade 4 and non opening. The development shall not be brought into use until such obscure glazing or treatment with a permanently affixed film has been completed and which shall be retained thereafter.

Reason: To ensure the development has an acceptable impact upon the residential amenity of neighbouring occupiers and does not lead to overlooking to accord with policy LP24 of the Kirklees Local Plan, Principle 6 of the Council's adopted Housebuilder Design Guide SPD and policies within Chapter 12 of the National Planning Policy Framework

NOTE: All contamination reports shall be prepared by a suitably competent person, as defined in Annex 2 of the National Planning Policy Framework 2021. Reports must be prepared in accordance with the following guidance:

- Land Contamination Risk Management (LCRM)
- BS 10175:2011+ A2:2017 Investigation of Potentially Contaminated Sites. Code of Practice
- Development on Land Affected by Contamination - Technical Guidance for Developers, Landowners & Consultants - (v11.2) June 2020 by the Yorkshire and Lincolnshire Pollution Advisory Group.

The conditions relate to Planning Control only. Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information. Any other necessary consent must be obtained from the appropriate authority. If the applicant commences work without discharging conditions, they will be at risk of enforcement action and invalidating the permission if the planning condition is a pre commencement condition.

NOTE: No construction related noise shall be audible beyond the site boundary outside the hours of: 07.30 to 18.30 hours Mondays to Fridays 08.00 to 13.00 hours, Saturdays With no construction related noise audible beyond the site boundary on Sundays or Public Holidays.

NOTE: Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

NOTE: The granting of planning permission does not authorise the carrying out of works within the highway, for which the written permission of the Council as Highway Authority is required. You are required to consult the Design Engineer (Kirklees Street Scene: 01484 221000) regarding obtaining this permission and approval of the construction specification. Please also note that the construction of vehicle crossings within the highway is deemed to be major works for the purposes of the New Roads and Street Works Act 1991 (Section 84 and 85). Interference with the highway without such permission is an offence which could lead to prosecution.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Existing Plans and Elevations	0156/2023-02	-	02/08/2024
Existing Topographical Site Plan	0156/2023-01	-	02/08/2024
Proposed Plans, Site Plan and Elevations	0156/2023-03	-	02/08/2024
74 Wakefield Road Bat Survey Report 25th July 2024	MBE/BAT/2024/070/01	-	02/08/2024
Climate change statement	-	-	02/08/2024
Application form	-	-	02/08/2024

Phase I Site Investigation dated 14/10/2024	-	-	16/10/2024

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. Following a consultation response from The Coal Authority, officers requested further information from the applicant. The applicant submitted the requested information.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "*submitted to and approved in writing by the Local Planning Authority*".
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.

- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

DEVELOPMENT HIGH RISK AREA - INFORMATIVE NOTE

The proposed development lies within an area that has been defined by the Coal Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

It is recommended that information outlining how former mining activities may affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), is submitted alongside any subsequent application for Building Regulations approval (if relevant).

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
 - i) 28 days of the date of service of the enforcement notice, or
 - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 21-Nov-2024
