Erection of 13 dwellings with associated access road and landscaping

Date Responded: 09/09/2024

Responding Ref: 06/15

There is a woodland TPO to the south of the site. This however is not affected as the proposed dwellings to the south have already been built and are a sufficient distance from the protected trees. All other trees on the site have had previous approval for removal and subsequently have been removed therefore they are un affected by any changes to the proposals.

There is nothing further for me to comment on and there is no objection.
