<p>I would like to object on the grounds of drainage/sewerage its already a flood risk area and the drain of Leak hall farm runs directly across this land.</p> <p>Also the access is on land not owned by the applicant and is not acceptable for heavy work traffic.</p> <p>Also this site would see the extraction of coal and it raises the question of the stability of the land.</p> <p>I also have major concerns as to wether this is a back door way into the cliffe hill site which has been refused twice already as redeemed too dangerous and unstable for construction.</p>
