I have many concerns regarding this development however my main objection is the impact of traffic levels using Blackmoorfoot road and Deep lane neither of which are suitable for the increased levels of traffic that 700+ houses will incur. Deep lane in particular is basically a one track narrow road with residential properties on both sides of the road and runs from Blackmoorfoot rd to join up to Manchester road and is already used as a rat run and cannot cope with more traffic. Blackmoorfoot rd from the turn off to Balmoral ave up to where the new development will be already causes congestion. The recent addition of double yellow lines by the 2 garages only adds to this congestion as they don't go far enough and vehicles still park on them.
