

Consultation Response from KC, Trees
2024/92236 Wood Street Mills, Wakefield Road, Scissett, Huddersfield, HD8 9JS
Demolition of existing industrial building and erection of storage and distribution building with car park and associated engineering works
Date Responded: 26/09/2024 Responding Officer: JD Responding Ref:

After reviewing the new Arboricultural Impact assessment it is clear that there is a thin layer of trees that are situated directly adjacent to the existing building (Part of G1 and G3) to be removed. They are category C trees which are mostly hidden from view to the wider area and therefore hold very little amenity value. The tree loss proposed is tolerable and shouldn't poses any difference on the wider landscape.

The tree protection plan also sufficiently details the steps that will be taken to ensure the retained trees are protected during construction.

There are no further comments and no objection.
