We are regular customers of the Little Lock and have never noticed any problem with noise or people loitering outside smoking . We have become friends with many of the customers who live on Marsden Lane and the surrounding streets and they are all extremely supportive of this small business which is trying to survive in difficult times. As for parking most people walk there or if parking are very considerate concerning parking outside residents properties. In fact the owner actually asks people not to park in certain areas which may cause problems. The Little Lock is an asset to the community and is not the type of cafe/bar to attract rowdy customers. She employs numerous members of staff and if this business has to continue on reduced hours this will impact on that.
