Proposed Management Strategy

Before the development is brought into use Centre Management will train staff to marshal the turning circle during peak cinema usage times.

- Staff will be trained to manage the drop off facility to ensure that:
- The facility is used for drop off only
- No waiting takes place. Blocking the turning facility.
- No blocking or car park entrance/exit takes place.
- No blocking of service yard takes place.

In addition to the above appropriate signage will be installed.

This period of marshalling will be for 3 months after the cinema opening date.
