

- NOTES:**
1. Any structural, services, fit out or external works are indicated for coordination purposes only, please refer to relevant Consultants / Clients information for full details where applicable.
 2. The areas indicated relate to the likely areas of the building at the current stage of design. Any decision to be made on the basis of these predictions, contractual agreements or the like, should include due allowance for design development and building instances. Plans are subject to Building Control and other statutory approvals.
 3. Refer to outline performance specification and NBS for full application of Architectural elements.
 4. All primary Structure to Structural Engineers design, details and specification and with allowance also made for Secondary Structure and EPS accordingly to specialist subcontractor design as applicable.
 5. The content of this drawing is for design intent only and may require further design coordination with all relevant consultants, specialist designers, subcontractors, manufacturers and with statutory authorities where applicable.
 6. All Wall and Roof (Flat) penetrations to be confirmed and coordinated with MEP Engineer design.
 7. All external envelope construction, insulation specifications, number and size of opening lights, and size of bays are subject to verification by Thermal / SISEM model and detail coordination with the Structural and MEP Engineers.
 8. Maintenance strategy to be agreed. Current design indicated indicative only.
 9. Roof Drainage Strategy:
 - 9.1. Rain Water Pans / Traps (RWTs): Indicative positions shown only. Number of required, locations and size all to be confirmed by specialist subcontractor who is required to carry out calculations accordingly. Include roof guards to all locations. Drainage to conform with BS Engineering design, details and specification.
 - 9.2. Rain Curbs (RC): Indicative overflows/ weeping outlets. Number, positions and size to be confirmed by specialist.
 - 9.3. Roof Access Hatch: Signage at base of roof access ladder to read: "Roof access for authorised personnel only. Roof not to be accessed outside daylight hours".

PLEASE NOTE:

IT IS THE CONTRACTORS RESPONSIBILITY TO CARRY OUT A SITE SURVEY ENSURING ANY DIMENSIONAL CONSTRAINTS ARE MET IN RELATION TO ANY CRITICAL LOCATIONS PROVIDING ALIGNMENT OF ANY NEW BUILD ELEMENTS WITH EXISTING WALLS & BUILDINGS TO ENSURE AN ARCHITECTURALLY PLEASING FINISH. THE ARCHITECT IS TO BE ADVISED OF ANY SUCH ENGINEERING ISSUES TO COMMENCEMENT / INSTALLATION OF ASSOCIATED WORKS.
