24. Biodiversity Net Gain

Do you believe that, if the development is granted planning permission, the Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990) would apply?

☐ Yes ☒ No

If No, please provide reasons, with reference to which exemptions or transitional arrangements you believe apply:

No, I do not believe that the Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990) would apply in this case. The reason is that the development involves the installation of an EV charger on an existing parking space. This type of development typically falls under the exemptions as it does not result in any significant change to the land use or physical structure that would impact biodiversity. Since no new land is being developed or altered in a way that would affect the existing biodiversity, the requirement for a biodiversity net gain does not apply in this context.

If Yes, please provide the information requested in all the questions below:

Please provide the date the pre-development biodiversity value of onsite habitat(s) have been calculated:
(this should be one of the following dates: the date of this application; or an earlier proposed date)

Date (DD/MM/YYYY):

Please provide the pre-development biodiversity value of onsite habitats on this date:

If a date earlier than the date of the submission of the planning application has been specified above, please provide reasons why this date has been used:

Please state the publication date of the biodiversity metric tool(s) used to calculate the onsite biodiversity value(s) provided above.

Date (DD/MM/YYYY):

24. Biodiversity Net Gain (continued)

Has there been any loss (or degradation) of any onsite habitat(s), resulting from activities carried out before the date the pre-development biodiversity value of onsite habitat(s) was calculated and either:

- on or after 30 January 2020 which were not in accordance with a planning permission; or
- on or after 25 August 2023 which were in accordance with a planning permission?

☐ Yes ☒ No

If yes, please provide details including: the date immediately before this activity was carried out; the onsite biodiversity value on this date; and any supporting evidence (or reference to relevant document containing these details).

If yes, please state the publication date of the biodiversity metric tool(s) used to calculate any onsite biodiversity value(s) provided above.

Date (DD/MM/YYYY):

Does the application site have irreplaceable habitat(s) (corresponding to the descriptions in The Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) which exist on land to which this application relates on the date the pre-development biodiversity value of onsite habitat(s) was calculated?

☐ Yes ☐ No

If yes, please provide a description of these and any further details (for example reference to relevant document):

I/We confirm this application is accompanied by the following:

- ☐

ii. Plan(s), showing onsite habitat(s) existing on the date the pre-development biodiversity value of onsite habitat(s) was calculated; and

iii. If applicable, plan(s) showing onsite irreplaceable habitat(s) existing on the date the pre-development biodiversity value of onsite habitat(s) was calculated.

Please provide details (for example reference to relevant document):

Note: Plans must be drawn to an identified scale, and show the direction of North.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
